AUNG MIN THU

MERN Stack / Web Developer

📍 Mandalay, Myanmar ✉️ aungminthu@email.com

PROFESSIONAL SUMMARY

Motivated Fourth-Year Computer Science Student with hands-on experience in web development, specializing in the **MERN Stack (MongoDB, Express.js, React.js, Node.js)**.Proven track record of collaboration on dynamic academic projects including RESTful API integration, responsive UI design, and backend development. Passionate about writing clean code and eager to contribute frontend and backend development skills to a fast-paced software team.

EMPLOYMENT & PROJECT EXPERIENCE

Web Developer (MERN Stack)

University of Computer Studies, Mandalay (UCSM) | 2022 – Present

- •Collaborated with a student developer team to build and deploy multiple responsive web applications, including a **Weather App, Todo List, Online Library System, and Movie Channel**. Also participated in 24-hour hackthon.
- •Engineered dynamic and interactive user interfaces (UIs) using **React.js** ,ensuring seamless user experience, state management, and responsive layouts across all devices.
- • Integrated third-party RESTful APIs (such as OpenWeatherMap and TMDB) into React frontend applications to deliver real-time data and dynamic content.
- •Assisted in backend development and database integration using **PHP and MySQL** for authentication,CRUD operations, and data management in projects like the Online Library System.
- • Utilized API testing tools like **Postman** for API testing and Git/GitHub for version control and code collaboration.

EDUCATION

Bachelor of Science in Computer Science

University of Computer Studies, Mandalay (UCSM) | Present

Currently pursuing 4th Year specialization in Computer Science.

SKILLS

JavaScript / React.js

Node.js / Express.js

MongoDB

HTML5 / CSS3

PHP / MySQL

TOOLS & TECHNOLOGIES
